SHERWOOD FOREST

A circular trail through the heart of Sherwood Forest, the legendary home of Robin Hood.

The walk will give you chance to see the Major Oak, the forest's most famous landmark, as well as many of the other ancient majestic oak trees which populate the area.

Directions

Terrain:

The walk is relatively flat with just steady slopes in a couple of places. There are no stiles and just a handful of single gates. The surfaces are a mixture of stone and dirt forest tracks, some of which can be muddy after wet weather and all of which can be a little uneven with tree roots in parts.

Approximate Postcode: NG21 9RN
